

The Kickin' Kronicle

May 2006 Edition

Cheri's Corner

I just want to remind everyone of the new Thursday schedule as we welcome new demo team members and begin the demo season.

6:15 - 7:00	New demo team members and green badge performers
7:00 - 7:20	Meeting
7:20 - 7:30	Basic drills
7:30 - 8:00	Combined routines for all ages and levels (basic level)
8:00 - 8:30	Adult routines (intermediate level)
8:30 - 8:40	Advanced drills
8:40 - 9:15	Kid/teen routines (advanced level)

This schedule will stay in effect unless there is a demo for which to practice. On Thursdays when we need to practice a demo, the demo practice will begin at 7:00 immediately following the class for new people and green badges. After the demo practice is complete, we will then have our meeting and pick up with the regular schedule. Hopefully, changing the schedule as such, we will be able to accommodate a wider range of dance levels and also give our youngest dancers a chance to start to learn the more difficult routines. Happy clogging!

Kickin' Chatter

Chef Lou & Theresa Dispenza deserve a big **THANK YOU** for all the work they did on our Spaghetti Dinner last month. Their ongoing energy and support of Kickin' Rhythm is terrific! A big round of **APPLAUSE** for the committee and all those who helped to make it a worthwhile fundraiser too!

Demo season is upon us! Refresh your memory with the Kickin' Rhythm Cheer

One for the money
Two for the show
Orange and Blue is the Way to Go
We're gonna rock the house
Show them what we got
Cuz' we're Kickin' Rhythm
And we're Hot, Hot, Hot

STEP "School"

Please remember to wear your badge to class and rehearsal every week.

Costume Care and Workout Wear

Dress outfits and skorts are done. Now on to the capris. So far Myra, Emily, Cheri, Ruth and Theresa have ordered capris. If anyone else is interested, please let Diane know. The fabric for the capris will be as close in color as possible to the skorts. Enough fabric will be ordered so that next year all the slacks will be made too. This way everyone will have the same color and we won't have so many shades of navy blue. Please **remember to wear your demo capris to demos only**. They will last a long time if taken care of properly.

Also, remember to polish your clogging shoes for performances. What a difference they make!
